

I N D E X

Technical Information

- No. 1: The KATEC-Allmetall-Catalyst
- No. 2: Installation of KATEC-Allmetall-Standard-Elements
- No. 3: Pressure drop of KATEC-Allmetall-Catalyst
- No. 4: Temperature rise on the catalyst as function of the hydrocarbon concentration of the off gas
- No. 5: Technical data for catalyst application
- No. 6: Activity depreciation of KATEC-Allmetall-Catalysts
- No. 7: Economical repair of used metal-catalysts from wire enamelling ovens by regeneration
- No. 8: Instructions for handling
- No. 9: Instructions for water washing of KATEC-Allmetal-Catalysts
- No. 10: Instructions for acid washing of KATEC-Allmetal-Catalysts
